Sir:

Request is made for issuance of a certificate of correction to correct applicant mistakes in the printing of the subject patent. Attached hereto in duplicate is form PTO/SB/44 with at least one copy being suitable for printing.

For the correction on the Certificate of Correction dated January 25, 2004 and Signed and Sealed on April 12, 2005, the inclusion of the incorrect date of issue was made in good faith by the Applicant's representative. Further, the Certificate of Correction also showed the name of the second inventor, Minneman, rather than the first inventor, Manning due to a good faith error. As both errors were clerical in nature, the corrections should not constitute new matter and should not require re-examination.

Issuance of a certificate of correction for the subject patent is respectfully requested. A check for \$100.00 in satisfaction of the fee under 37 CFR 1.20(a) is enclosed. However, if any additional fees are required please charge same to our
